## Wireless Electric Vehicle Charger to Pilot in New York City

*Power cords are holding back electric vehicles, according to a New York City-based startup.*

BY COLIN WOOD ([HTTP://WWW.GOVTECH.COM/AUTHORS/COLIN-WOOD.HTML](http://www.govtech.com/authors/colin-wood.html)) / JANUARY 10, 2014

*HEVO Power's wireless charging solutions in New York City will be disguised as manhole covers.*
